LAMONTAGE™ mats

LAMONTAGE™ mats

LAMONTAGE™ is a patented process developed by Liora Manné that combines handmade artistry with high tech processing to make indoor/outdoor mats. First, acrylic fibers are intricately cut and structured by hand to form the rug's design. Then, the fibers are mechanically interlocked by needle-punching and coated in natural latex to secure the design. During this process, nanotechnology is used to permanently embed an EPA approved antimicrobial finish in the material. This prevents deterioration, odor and the growth of mildew, making the mats very durable and able to be used indoors and outdoors. LAMONTAGE™ mats are a practical, durable and versatile. They add comfort, style and texture complementary with the aesthetic of any environment; including kitchens, bathrooms, entryways, patios, gardens, and poolside. Large mats can simply be hosed off or steam cleaned, and small mats are machine washable. The flat format of the material allows for quick drying, for furniture to be moved easily over it, while also fitting under doorways.

LAMONTAGE™ BENEFITS

- Indoor/outdoor
- Antimicrobial
- Durable
- UV stabilized fibers
- Raw edges never unravel or fray
- Commercial or residential use
- Easy-care

CLEANING INSTRUCTIONS

1. Vacuum on a regular basis. Daily vacuuming is recommended.
2. Address stains as they occur. Use any commercial carpet cleaner or mild soap with water plus gentle rubbing and dabbing with a cloth until the stain is gone.
3. Professional steam clean on a regular basis, depending on traffic levels.

DO NOT DRY CLEAN

Visions II watercolor flower aqua
3239/04 20" x 30"

Visions II watercolor flower red

ABOUT OUR DESIGNER

Born in Israel, educated in the United State and now a true New Yorker, lifestyle products designer Liora Manné has been a study in breaking the rules from early in her career. After graduating from Georgia State University with a degree in journalism and drama, Liora was anticipating a life in the theatre. Then a textile design class at North Carolina State University changed the course of her career. She became fascinated by the potential impact of cutting edge technology on textile design. Her explorations resulted in ground-breaking advances while she pursued a master's degree in both textile design and textile engineering.

From her beginnings as a textiles designer, she soon gravitated towards home fashion in general and rugs in particular. Her entry into the area rug business truly changed the directions of the industry. Bold, contemporary colors sparked a revolution in a category dominated by traditions. Today, the Liora Manné Lifestyle Collection is featured worldwide and includes over 2,700 items ranging from ceramics to handbags. Trans-Ocean is proud to showcase Liora's unique talents throughout our line.
