LAMONTAGE™ and MONTIQUE™ placemats

about LAMONTAGE™ & MONTIQUE™

LAMONTAGE™

LAMONTAGE™ is a patented process that combines artistic creativity with high tech processing. Resembling the ancient art of felting; acrylic fibers are intricately structured by hand and then mechanically interlocked by needle-punching to create custom nonwoven designs. The material is then treated with a special finish that includes anti-microbial nano silver particles that will never wash out. This increases durability, and prevents the growth of mold and mildew, making it ideal for both indoor and outdoor use. The end result is distinctive AREA RUGS, CARPETING, WALLCOVERING, UPHOLSTERY, LAMP SHADES, PLACEMATS, COASTERS and HANDBAGS. No matter what the application, the appearance of the pattern and colors are identical.

LAMONTAGE™ products are

- Durable and versatile
- Can be used indoor or outdoor
- All fibers are UV stabilized
- Antimicrobial
- Will not unravel, fray or snag
- Commercial or residential use
- Flooring is suitable for high-traffic areas
- Available in custom sizes
- Easy-care

CLEANING: use steam cleaner or soap and water; never dry clean.

MONTIQUE™

The MONTIQUE™ process utilizes custom dyed, acrylic fibers that are cut, blended and layered by hand. The fibers are then encased in vinyl for a translucent high-tech effect. These thin, flexible forms are used for PLACEMATS, COASTERS, BOOKMARKS, JOURNALS and HANDBAGS. These translucent materials can also be combined with lighting to achieve a unique experience. The MONTIQUE™ process results in one-of-a-kind products that are practical, durable and contemporary.

MONTIQUE™ products are

- Durable
- Easy-Care: Wipe-clean vinyl
- Large selection of patterns and colors
- Spills can quickly be wiped clean for continued use
- Will always retain shape and color
- Reversible: glossy/matte finish

CLEANING: wipe clean with damp cloth.

ABOUT OUR DESIGNER

Born in Israel, educated in the United State and now a true New Yorker, lifestyle products designer Liora Manné has been a study in breaking the rules from early in her career. After graduating from Georgia State University with a degree in journalism and drama, Liora was anticipating a life in the theatre. Then a textile design class at North Carolina State University changed the course of her career. She became fascinated by the potential impact of cutting edge technology on textile design. Her explorations resulted in ground-breaking advances while she pursued a master's degree in both textile design and textile engineering.

From her beginnings as a textiles designer, she soon gravitated towards home fashion in general and rugs in particular. Her entry into the area rug business truly changed the directions of the industry. Bold, contemporary colors sparked a revolution in a category dominated by traditions. Today, the Liora Manné Lifestyle Collection is featured worldwide and includes over 2,700 items ranging from ceramics to handbags. Trans-Ocean is proud to showcase Liora's unique talents throughout our line.
